Dear Sir/Madam

**4TH GENERATION TERM CONTRACT FOR MANAGEMENT AND MAINTENANCE OF THE SCOTTISH TRUNK ROAD NETWORK – NORTH WEST UNIT
A85 PLANNED MAINTENANCE - CARRIAGEWAY RESURFACING**

Further to the consultation issued on 2nd November 2021, we are writing to confirm the arrangements regarding the planned works on the A85 near Ardchyle.

Following a review of feedback received, we can confirm that works will proceed, commencing Sunday 21st November 2021. Updated traffic management details and timings of the works can be found in the table below.

Location of Works	Duration	Work Hours	Traffic Management
A85 Ardchyle (Phase 1) (Nights)	Sunday 21 st November – Thursday 2 nd December 2021 (10 Nights)	20:00 – 06:00	Lane Closure with 10mph Convoy
A85 Ardchyle (Phase 2) (Days)	Monday 6 th December – Friday 10 th December 2021 (5 Days)	07:00 – 19:00	Lane Closure with 10mph Convoy

Following a detailed site inspection, we are glad to inform you that all operations can be carried out safely under lane closure with a 10mph convoy system. However, a period of night shift working still remains necessary due to the complex road geometry within the first half of the site. Access will be maintained for emergency services at all times throughout the works.

Out with working hours, traffic management will be removed however, a temporary 30mph speed limit will remain in place as road users will be travelling over a temporary surface.

The safety of maintenance workers remains a top priority during these projects and strict physical distancing protocols, in line with Scottish Government guidance, will be in place to ensure all on-site personnel remain safe throughout the duration of the project. Robust risk assessments have been completed to ensure all staff are kept safe.

If you have any queries related to the above, please do not hesitate to contact Julie Lee, via email at NWConsultation@bearsotland.co.uk.

Yours Faithfully,

Ross Newlands
Assistant Planned Maintenance Manager
