Further to consultation issued on 6th November 2020, we are writing to update you on our revised A85 and A828 programme. Please find the enclosed plan for respective work extents.

Location of Works	Duration	Work Hours	Traffic Management
A85 West of Saulmore	Monday 23 rd – Tuesday 8 th December <i>12 nights</i>)	20:00 – 06:00	Lane Closure with a 10mph Convoy

We have altered the programme as a result of delays on preceding schemes, a result of adverse weather. Our working window in advance of the holiday period has been reduced therefore we have made the decision to postpone A85 East of Connel. Traffic management arrangements are as previously advised.

The safety of members of the public and maintenance workers remains a top priority during this resurfacing project and strict physical distancing protocols, in line with Scottish Government guidance, will be in place to ensure pedestrians, travelling public and on-site personnel remain safe throughout the duration of the project. Robust risk assessments have been completed to ensure all staff are kept safe.
