NEWS and Covid-19 UPDATES

1. Adapt & Thrive Programme

Grants and Loans up to £250,000 to support organisations across the third sector to adapt to the challenges presented by COVID-19 and build back better to thrive in the future. It supports organisations to reflect on their current operations and determine which areas need to change, flex, innovate, or grow in order to be resilient and financially sustainable during and post COVID-19. The advice is designed to help organisations to build recovery plans that are flexible, allowing them to stay open, respond to the planned easing of restrictions or adapt quickly to any changes in guidelines or tier levels whilst working towards financial sustainability. The funding is unrestricted so it can also adapt around the needs of the organisation. The Adapt and Thrive programme will welcome applications beyond the end of June and continue to support the recovery of the third sector.

In addition to meeting the programme's criteria, organisations seeking funding must ensure their work fits within one or both funding priorities:

- Organisations operating in areas or with individuals who have suffered disproportionately from the effects of COVID-19.
- Organisations working with people who have protected characteristics or the most vulnerable.
