Date: 18 June 2024

Dear Sir / Madam,

**NEW MANAGEMENT CONTRACT FOR MANAGEMENT AND MAINTENANCE OF THE SCOTTISH TRUNK ROAD NETWORK – NORTH WEST UNIT
A83 TRUNK ROAD MAINTENANCE – NORTH OF DUNDERAVE – OVERNIGHT ROAD CLOSURE - INFORMATION LETTER**

BEAR Scotland, on behalf of Transport Scotland, are planning to carry out overnight carriageway resurfacing works, on the A83 trunk road north of Dunderave Point, between Inveraray and Cairndow. See Location Plan for your information.

These carriageway improvement works are planned to take three nights to complete, between Monday 1 July at 19:00hrs and Thursday 4 July 2024 at 04:00hrs, subject to weather. Operations will be carried out between 19:00hrs and 04:00hrs, each work night. Please see an anticipated programme of works below:

Work Type	Duration	Work Hours	Traffic Management
A83 North of Dunderave	Monday 1 to Wednesday 3 July 2024. (3 nights)	19:00 to 04:00hrs	Road closure with diversion via A82, A85 and A819.

Unfortunately, due to narrow carriageway widths at the work site and to ensure the safety of both the workforce and members of the public, it will be necessary to close the road between 19:00hrs and 04:00hrs each work night. A signed diversion route will be in place via the A82, A85 and A819, adding an additional 25 miles and approximately 35 minutes to the journey time for road users travelling between Inveraray and Tarbet. Please see the attached diversion route plan for further details. Access for emergency services will be maintained throughout the works.

Out with working hours the traffic management will be removed, however, driver awareness is encouraged as road users will be travelling over a temporary surface where a 30mph speed limit will be in place.

Should you require any further information or have any queries related to the above works, please email us at NWConsultation@bearsotland.co.uk.

Yours faithfully,

Ross O'Brien

Assistant Planned Maintenance Manager

For and on behalf of BEAR Scotland
