

Our Ref: NW/11/01/O-014008
Date: 5th January 2022

Dear Sir/Madam

**4TH GENERATION TERM CONTRACT FOR MANAGEMENT AND MAINTENANCE OF THE SCOTTISH TRUNK ROAD NETWORK – NORTH WEST UNIT
A85 PLANNED MAINTENANCE – CARRIAGEWAY RESURFACING**

Further to the consultation issued on 13th December 2021, we are writing to confirm the arrangements regarding the planned works on the A85 east of Bridge of Awe.

Following a review of feedback received, we can confirm that works will commence on Monday 10th January 2022 for six nights, between the hours of 19:00 and 07:00 each night, with no works planned for Friday or Saturday night. A location plan has been included for geographical clarity.

Operations will be undertaken utilising a lane closure with a 10mph convoy system to ensure the safety of the work force and travelling members of the public. Outwith working hours the traffic management will be removed however, a 30mph speed limit will remain in place as vehicles will be travelling over a temporary road surface. Access for emergency services will be maintained at all times.

Access to local businesses and residences will be maintained as far as possible however, may be prohibited for a period of time due to operations being carried out directly adjacent. As such, works have been planned for overnight where traffic flows are reduced to minimise disruption caused by the works.

The safety of maintenance workers remains a top priority during this project and strict physical distancing protocols, in line with Scottish Government guidance, will be in place to ensure all on-site personnel remain safe throughout the duration of the project. Robust risk assessments have been completed to ensure all staff are kept safe.

If you have any questions either before or during the works, please do not hesitate to contact us, via email at NWConsultation@bearsotland.co.uk.

Yours Faithfully,

Ross Newlands
Assistant Planned Maintenance Manager
For and on behalf of BEAR Scotland

Enc. 21-NW-0103-138-001 A85 East of Bridge of Awe Location Plan.
